# Lighting - Underwater or Landscape

Landscape or Underwater  
316 stainless steel  
5 in ht x 4 in dia.

**AE-LED9-W** Cool or Warm white 12 volt DC 9 watt, 9 ft power cord **\$ 300**

**AE-LED9-RGB** Color RGB 12 volt DC 9 watt, 9 ft power cord **\$ 365**

Landscape or Underwater  
316 stainless steel  
4.5 in ht x 6 in dia.

**AE-LED12-W** Cool or Warm white 12 volt DC, 12 watt 9 ft power cord **\$ 425**

**AE-LED12-RGB** Color RGB 12 volt DC, 12 watt 9 ft power cord **\$ 485**

**Underwater 316 stainless steel  
8 in dia.**

|                     |   |                 |
|---------------------|---|-----------------|
| <b>AE-018CR-W</b>   | Cool or Warm white 12 volt DC 18 watt 9 ft power cord | <b>\$ 765</b>   |
| <b>AE-LED9-RGB</b>  | Color RGB 12 volt DC 18 watt 9 ft power cord          | <b>\$ 892</b>   |
| <b>AE-027CR-W</b>   | Cool or Warm white 12 volt DC 27 watt 9 ft power cord | <b>\$ 1,020</b> |
| <b>AE-027CR-RGB</b> | Color RGB 12 volt DC 18 watt 9 ft power cord          | <b>\$ 1,147</b> |

**316 Stainless steel face plate  
10.5 in diameter,  
2.5 in center port**

|                     |   |                   |
|---------------------|---|-------------------|
| <b>AE-1200-9C</b>   | 9 watt cool white LED, 12 volt, 20 ft power cord  | <b>\$ 1,180**</b> |
| <b>AE-1200-12C</b>  | 12 watt cool white LED, 12 volt, 20 ft power cord | <b>\$ 1,390**</b> |
| <b>AE-1200-9RGB</b> | 9 watt RGBW LED, 12 volt, 20 ft power cord        | <b>\$ 1,923**</b> |
| <b>AE-1200-MDS</b>  | Ring Light fiberglass main drain sump assy.       | <b>\$ 1,045**</b> |

**\*\* Optional center nozzle**

## Underwater Twist water feature

## Brass Spot

|                          |   |                 |
|--------------------------|---|-----------------|
| <b>AE-PF-1142</b>        | Brass RGB LED 1.5 in FPT water inlet, 20 brass jets, 12 volt DC 12 watt | <b>\$ 1,080</b> |
| <b>AE-PF-1144</b>        | Brass RGB LED 2.5 in FPT water inlet, 30 brass jets, 12 volt DC 18 watt | <b>\$ 1,550</b> |
| <b>AE-355-LED-MR16-5</b> | COOL or WARM white LED, 5 watt, 12 volt 20 ft cord                      | <b>\$ 385</b>   |
| <b>AE-355-LED-MR16-7</b> | COOL or WARM white LED, 7 watt, 12 volt 20 ft cord                      | <b>\$ 395</b>   |

## Brass Spot

**AE-655-LED-6C-Par36**

COOL or WARM white LED,  
6 watt, 12 volt, 20 ft. cord

**\$ 960**

**AE655-LED-10C-par36**

COOL or WARM white LED,  
10 watt, 12 volt, 20 ft cord

**\$ 990**

## Cast Stainless Steel

**AE-800 -LED-18C**

COOL White LED,  
18 watt, 24 volt, 20 ft cord

**\$ 859**

**AE-800 LED-18RGBW**

LED Color RGBW  
18 watt, 24 volt, 20 ft cord

**\$ 996**

## Cast Stainless Steel

**AE-611 LED-12C**

Cool White LED,  
12 watt, 12 volt, 20 ft cord

**\$ 859**

**AE-611 LED-18C**

Cool White LED,  
18 watt, 12 volt, 20 ft cord

**\$ 872**

# RGB Color Changing

## Lighting Controllers

### Standard RGBW Lighting Control System

Most commonly used LED control system allows you to change colors and scene effects on your water features with a simple App on your phone or tablet. Each controller has a 1000 watt capacity which allows for multiple fixtures on a single command. Controllers are designed to be daisy chained for additional wattage for larger applications.

Controlled via Bluetooth or RS232 • 9 - 24V System • RJ45 / CAT5 ports to connect additional units

Part # AE-1001

### Simple Remote Control System

RF System is perfect for a simple control and installation for a limited amount of LED water features. With one remote

Control you add multiple receivers for each area of your application to make your project easy.

A color wheel adjusts your color selection and allows four pre-programs of your favorite scenes.

Part # AE-RF-004

## Power Supplies

12-24 Volt DC

**Wattage:** 70W~480W

**Features:** 90~305VAC input, built-in active PFC function

**Constant current output** with high output voltage >60VDC Metal case, IP67/IP65 design for indoor or outdoor installations

**Function options:** output adjustable via potentiometer; 3 in 1 dimming (1~10Vdc or 10V PWM signal or resistance);

**Timer dimming;** smart timer dimming

**Type "HL" LED drivers** for use in Class I, Division 2 hazardous (Classified) location luminaires (HLG-240H-C/320H-C only)

**Suitable** for LED street lighting and outdoor LED lighting

**7 years warranty**

## DMX Color Control Systems

### DMX Control System

Design your own lighting shows and control each fixture individually or in sections. With a DMX system you can program the lighting for holidays, themes or just a change of atmosphere. There are multiple ways of using this system such as with an App for your phone or tablet, Wall mount keypad, integrated with a home automation system or just an on/off switch. Used for larger applications and commercial projects.

We offer a range of products to help with your DMX system. Listed below are a few common controls we supply

To the make the installation and set up as user friendly as possible.

**Note\*\*** A DMX decoder will be needed for each individual section of lighting to be controlled. You may add multiple fixtures to one decoder up to 8 Amps.

#### Part # AE-DECO- 512

- Output: SPI (TTL)
- Dimming Protocol: DMX
- Compatible ICs: WS2811, WS2812, UCS1903, UCS1909, UCS1912, UCS2903, UCS2909, TM1803, TM1804, TM1809, TM1812
- Dimming Range: 0~100%, Dimming Curve: Linear
- Driver Configuration: Dip Switches

## Part # AE-DECO- 512

Powerful and easy to use, myDMX GO is an innovative lighting control system that combines a uniquely intuitive app-based control surface with a compact interface that connects wirelessly to your iPad, Android, or Amazon Fire tablet and provides a standard 3-pin XLR output for connection to your lighting rig. Most commonly used for commercial applications.

## Part # AE-DMX-900

The DMX 900 is DMX signal output to connect DMX decoders. There are display boards and buttons on the DMX decoders that could set addresses. The DMX 900 is designed to control your LED Lighting using one of our 4, 6 or 8 zone RF Controllers. The controls are simple and easy to use and can control up to 8 zones separately. Each zone requires its own separate receiver. The RF remote is also able to save 8 eight static colors and chase modes (10 built-in color chase modes available) and is capable of controlling a 4th White channel which is useful if your purchasing LED products like our LED [Outdoor](#) Lighting fixtures.

Once the DMX 900 receives control information from your remote it converts that signal to DMX512 which can be received via our [DMX Decoder](#) using the appropriate 2 core + screen cable. The DMX 900 also, like many of our receivers has a learning button for link up with the remote. This is used not only to pair the 2 devices but to assign which zone you would like the RF controller to operate.
